

# 3<sup>RD</sup> AFRICAN SYMPOSIUM ON MYCOTOXICOLOGY (ASM) JOINT MYTOX-SOUTH® CONFERENCE 2022

## ABSTRACT SUBMISSION DEADLINE EXTENDED

The deadline for the submission of abstracts for the **3<sup>rd</sup> African Symposium on Mycotoxicology**, jointly organised by the African Society of Mycotoxicology (ASM) and MYTOX-SOUTH® **has been extended to the 01 of June 2022**. The **in-person** conference, taking place **04 to 07 September 2022**, will be held at the **Stellenbosch Institute for Advanced Study (STIAS)** based at Stellenbosch University, South Africa.

The conference organisers are excited to announce that, together with **Toxins**, **selected papers** will be featured in **Special Issue** following peer-review. We therefore urge all stakeholders in the field of Mycotoxicology to submit their abstracts. The online abstract submission and registration portal is open. Visit the conference website at <https://asmmytox.com/> for more information.

Furthermore, media partners **World Mycotoxin Journal** as well as **Toxins** have provided an open access voucher and cash prizes for the best oral and poster presentations.

We look forward to welcoming you all to **Stellenbosch**. Please note that as Stellenbosch is one of Cape Town's most sought after tourist destinations and September is a particularly popular time for tourists, we **strongly urge conference delegates to book accommodation** as soon as possible to avoid disappointment. See <https://businesstravel.visitstellenbosch.org/business-travellers/> and use the password **mytox2022** to view and book directly, accommodation that organisers are holding for conference delegates at a special rate.
