3RD ASM JOINT MYTOX-SOUTH CONFERENCE 2020

6 – 9 September 2020 – Stellenbosch, South Africa

NEWS ALERT – POSTPONEMENT OF THE CONFERENCE

In light of the ongoing global pandemic caused by the Corona virus (Covid-19) and subsequent travel restrictions and lockdowns, the conference organisers have decided to **postpone** the 3rd ASM joint MYTOX-SOUTH 2020 conference to **11 - 14 April 2021**.

The ever-unfolding impact of Covid-19 and the uncertainty associated with the pandemic provides little to no ability to determine when travel and large meetings like conferences may be permitted. Thus we could only conclude the postponement of the conference to be in the best interest of all concerned.

We will communicate the new target dates for registration and submission of abstracts shortly.

We wish you all good health and safety during this period.
